EDUCATION FOR THE GOLF INDUSTRY IN ASIA PACIFIC

By

Peter Morison

Education Committee AGIF
WARM WELCOME

The Asian Golf Industry Federation is most pleased to support the Federation of Golf Clubs Philippines, Inc.

One of the Federation’s objectives is to actively support the golf industry in education of all facets of the game.

We hope all the participants, through active participation, will learn from this conference and apply this knowledge in your daily duties, making you more effective managers.

By applying this knowledge it will give your customers – ‘the golfers’, a superior golfing experience.
AGIF BROAD OBJECTIVES

• Effectively communicate with all members and all parties associated with the golf industry to deliver the Federation’s objectives.
• To provide educational programmes (special events, seminars and workshops) and materials to meet the diverse educational needs of the Federation’s membership base and external stakeholders.
• To act as a clearing house for information and market intelligence through newsletters and the Federation’s website.
• To provide access to the Federation’s networking platform of decision makers in the Asian golf industry.
• To address key issues relevant to the golf industry such as the protection of intellectual property, environmental sustainability and grow the game of golf.
Objectives identified by 2013 research conducted by AGIF throughout Asia, with participation of all segments of the golf industry*

Supporting Members
AGIF Supports

In supporting the Federation of Golf Clubs Philippines, Inc, the members of AGIF hope to continue to improve all facets of the game.

We believe as a group of companies who get our livelihood from the golf industry, we need to work together to support associations like yours.

We hope to have a long mutually beneficial relationship with your Federation and to make this an annual event.
Thank you and we wish you all the very best and we look forward to working with you on education for future events
