

CLUB ADVISORY

No. 31-2025

Please be advised that during the Board Meeting held on May 20, 2025, the Board of Directors approved a resolution to **increase the Playing Rights Annual Assignee Fee to P50,000.00**, effective **July 1, 2025**.

“With effect from July 1, 2025, the new Annual Assignee Fee shall be applicable to all new and renewed playing rights lease agreements, and to the subsequent periods of the existing agreements that encompass this date”

The adjustment reflects the Club's ongoing efforts to align fees with the current share valuation and to support sustained share value appreciation. When the P25,000.00 assignee fee was introduced in 2023, the value of a Class A share was P2 million. The current share value has since risen to P4.5 million, marking a 125% increase.

The new fee structure is consistent with this growth. It supports our continued investment in maintaining and enhancing the Club's premier facilities and services, thereby safeguarding and increasing the long-term value of membership.

For any questions or further clarification, please contact the Membership Office at 0917-883-4749.

Thank you for your understanding and continued support.
