

CLUB ADVISORY

No. 28-2026

The Club would like to inform our members of an issue currently affecting reservations for the Members Monthly Tournament (MMT).

Due to the high volume of reservation requests during the registration period, some members have experienced difficulty sending their reservations through the Club's official mobile reservation channels. Based on our monitoring, this recurring issue appears to affect certain mobile numbers on the **Globe network** during periods of heavy message traffic and is beyond the Club's control.

To help ensure that your reservation is received, we encourage all members to send their registration to **both the Club's Globe and Smart reservation numbers**, regardless of their mobile network, as our reservation system accepts messages from either channel.

Please be assured that the Club is closely coordinating with the appropriate telecommunications representatives and other key stakeholders to address this concern and explore long-term solutions.

We sincerely apologize for the inconvenience this may have caused and appreciate your patience, understanding, and continued cooperation.

Thank you.

The Management
