

CLUB ADVISORY

No. 36-2026

Dear Members,

As part of the Club's continuing efforts to uphold fairness and integrity in the game, we would like to reiterate the importance of accurately recording and submitting scores for every round played. Regular reminders help ensure that all members, guests, and caddies remain aligned with proper scorekeeping practices. Please be reminded of the following:

- Players are responsible for ensuring that their scores accurately reflect the actual strokes taken
- Caddies must assist in counting and recording the correct scores for each hole
- Players should verify their scores with their caddies and playing partners before submitting the scorecard
- Any discrepancy must be corrected and reported to the Golf Office immediately
- Intentionally submitting inaccurate scores to influence one's handicap or gain an unfair advantage, commonly referred to as "sandbagging," is contrary to the principles of fair play and sportsmanship

Let us work together to ensure that every score submitted reflects the actual round played and that our Club competitions remain **fair, transparent, and enjoyable for everyone.**

Your score reflects your game. Your integrity reflects the Club.
