

CLUB ADVISORY

No. 39-2026

Please be informed that, effective **August 24, 2026**, the Club will implement a **new cart rule system** to provide a simple and visual way of checking the applicable cart rule while on the course.

Before playing each hole, golfers are kindly requested to **check the Silver Tee Mound** for the corresponding cart rule:

- **NO FLAG** – Follow the Daily Cart Rule posted at the starting holes and at Golf Registration
- **RED FLAG** – The specific hole is designated as Cart Path Only

Example:

If the Daily Cart Rule is 90-Degree, but Hole No. 4 has a red flag, carts must remain on the cart path for Hole No. 4 only.

We kindly ask all golfers to check the silver tee mound on every hole and observe the applicable cart rule to help us protect and maintain the quality of our golf course turf.

Thank you for your understanding and cooperation.
